A young reader's chapter book from best selling author Kathy-jo Wargin! Her previous books include Mitt the Michigan Mouse, and Minn from Minnesota - and now the Mitt and Minn saga continues!

What could convince two young mice to journey to a Cheese Jamboree in Wisconsin? Why CHEESE, of course!

As attractive as cheese is to a pair of mice, Mitt and Minn both have other motives as well for heading off to Wisconsin. Mitt, the Michigan mouse, has lost the only home he remembers--his snug red, wool mitten. He's traveled across his home state searching but now winning the Cheese Jamboree cheese-eating contest seems like his only chance to find it. Minn has followed her friend Gerdie from Minnesota and now must win herself in order to be spotted by Gerdie in the crowd at the fair. Unfortunately, each contest can have only one winner!

Mitt & Minn at the Wisconsin Cheese Jamboree is the third book in the Mitt & Minn Series, a collection of stories about a pair of midwestern mice.
