Morandi is often defined within the traditions of still life and landscape painting, and is known for the domestic and local source of his subject matter. However, the radical nature of his work addresses themes that have become central within contemporary artistic practice. An exploration of the influence of his work on generations of British artists, this fascinating exhibition will juxtapose paintings and drawings by Morandi with signature works by artists such as David Hockney, Tony Cragg, Patrick Caulfield,

Euan Uglow and Ben Nicholson.
