装帧:Hardcover

isbn:9780393977684

Since it first appeared twenty-five years ago, Psychology has been widely recognized as the most cohesive overview of the discipline. Drawing from the liberal arts and natural sciences and emphasizing psychology's historical dimensions, this gold-standard text shows students how and why psychology is relevant in their lives and to the other disciplines they are studying. The Seventh Edition introduces a new four-part structure that highlights the central issues that motivate psychological research and previews them through thought-provoking introductory essays. Throughout, the part reorganization is reinforced by carefully refined questions and themes, providing a coherent and exciting view of psychology today.

书评

我在MIT的开放课程里面看到教授推荐这个，Penn的PSYC 101也是用这本，现在看到Berkeley也是用这本，怪不得版本旧了还是这么贵了。我决定下学期看，MIT开放课程的那个教授录音也挺逗的。努力学习。
