Book Description

The Magic School Bus was a series of children's books intended to teach scientific concepts to children. They were written between 1986 and 2001 by Joanna Cole and illustrated by Bruce Degan. The books feature the exploits of Ms. Frizzle and her class of students at Walkerville Elementary School who board a magical school bus which takes them on educational adventures to space, under the Earth, into the human body, or to other such locations. The books were written in the first person from the point of view of an unnamed student in the Friz's class.

Synopsis:

The very inquisitive kids in Ms. Frizzle's class ride on board the Magic School Bus into a white-light pinball machine to learn about the dazzling wonders of color and light.
