Comprehensive...a valuable [addition] to the library of any head and neck surgeon. Of similar value to neurosurgeons dealing specifically with the skull base. --Journal of Neurosurgery. The latest edition of this definitive reference delivers state-of-the-art coverage of every aspect of head and neck cancer. Authors are all experts in their fields,

with two new editors bringing fresh up-to-date perspectives. The 4th Edition takes a multidisciplinary approach to surgery and management, bringing new information on topics such as reconstruction of the vocal chords, treatment of laryngeal cancer, and radiotherapy.
