Getting Started gives a crash course in using Windows Vista, including the user interface, handling files, folders, drives and search, and working with hardware.

Networking, the Internet and Wireless offers a tour of Internet Explorer 7, a wireless networking guide, and how to set up and maintain home networks.

Multimedia shows how to use the Media Center, Windows Media Player, and how to handle graphics and photos, podcasts and MP3 players.

Security, Mobility, and Troubleshooting visits the security features, shows how to tune up Vista, troubleshoot problems, and use Vista with mobile devices.
