著者:Martin Heidegger

出版者:Continuum International Publishing Group

出版时间:2003-06

装帧:Paperback

isbn:9780826463159

Heidegger is widely regarded as the 20th Century's most original philosopher. Towards the Definition of Philosophy brings together - in their first English translation - two of his seminal lecture courses, The Idea of Philosophy and the Problem of Worldview and Phenomenology and Transcendental Philosophy Value, as well as the lecture, On the Nature of the University and Academic Study. The volume also includes a short glossary.
