出版时间:1995-01-27

装帧:Hardcover

isbn:9780521432948

In a tour de force, Colin Jones gives a gripping, superbly and intelligently illustrated account of the political, social and cultural history of France, placing an innovatory emphasis on the impact of regionalism, class, gender and race in French heritage. Ranging from prehistoric menhirs to the Pompidou Centre, from Louis XIV's Versailles

to twentieth-century highrises, from Marie Antoinette to Marie Claire, The Cambridge Illustrated History of France is host to lively and penetrating new insights that take us through the shaping of France from the earliest times to the brink of a new millennium. Combining superb illustration with outstanding scholarship, the diversity of the French heritage--scientific and artistic, national and regional--is explored with an engrossing and accessible style. Special features on places, people and events, a glossary, and a further reading section enhance this engaging book that will appeal to history buffs and students of French history and culture. Colin Jones is also the author of the Longman Companion to the French Revolution and The Cultural Atlas of France.
