Epistemology: A Guide is a straightforward and accessible introduction to contemporary epistemology for those studying the topic for the first time. It introduces and explains the main arguments of the most influential publications in the field from the last 50 years.

Balancing simplicity of argument with accuracy and detail, this guide covers the central topics of theory of knowledge, including skepticism, epistemic justification, epistemic closure, virtue epistemology, and naturalized epistemology. Instead of artificially treating themes in isolation, it provides a clear context for key topics and concepts. Designed to stand alone or to accompany the second edition of *Epistemology: An Anthology* (Wiley Blackwell, 2008), this is a deft and concise introduction to a foundational topic in philosophy.

作者介绍:

John Turri is Assistant Professor of Philosophy at the University of Waterloo, Canada. He specializes in epistemology, philosophy of language, experimental philosophy, and cognitive science. He is editor of *Virtuous Thoughts: The Philosophy of Ernest Sosa* (2013) and co-editor of *Contemporary Debates in Epistemology* (2nd edition, Wiley, 2013) and *Virtue Epistemology: Contemporary Readings* (2012).

目录: “This is a superb companion to *Epistemology: An Anthology*. It consists of sixty commentaries, one for each of the sixty entries in that anthology. Turri is an extremely lucid writer, with a wonderful knack for finding and laying out argumentative structure, and for explaining crucial concepts. His commentary will greatly aid student comprehension and enhance class discussion.”

—Ernest Sosa, Rutgers University

“Turri's discussions are engaging and lucid. They are written for beginning students and will serve that purpose beautifully, but they are so well done that even veteran epistemologists will find them helpful.”

—John Greco, Saint Louis University

评论

棒！感觉书里的实践倾向很重，看到很多地方都会想起好像在规范伦理学里也会有类似的讨论，想赶紧找点metaepistemology的书来看看

对60篇经典论文的介绍。行文清晰扼要，堪称典范。

非常nice的小书，不过感觉最后几节转写质量有所下降。

an excellent and easy summary of "classic" papers!

看了六分之一……看的挺痛苦（主要是英语差！！）但又有趣……
没看完没看完！！看了十几篇。。

短小精悍，配合Sosa的文集
