Danzig Baldaev's father was an academic, an ethnologist who found himself imprisoned under Soviet rule as an enemy of the people. In fact much of Baldaev's family moved through the Soviet prison system, while he became a guard. At his father's suggestion, he used his access to document and study the tattoos that were pervasive among the truly criminal portion of the prison population, the vory v zakonye, or legitimate thieves, a semi-professional class who keep their own brutal laws. During his 30 years supervising inmates in St. Petersburg's notorious Kresty Prison, Baldaev recorded over 3,000 of their tattoos and parsed their meaning--the nihilistic creativity of a closed society--in the drawings and text that made the first volume of the Russian Criminal Tattoo Encyclopedia a bestseller. This essential second volume, which collects all new, previously unseen photographs and drawings, goes to the extremes of his incredible collection. Sergei Vasiliev's photographs authenticate the images, Baldaev's drawings make sense of them, and through them both we glimpse an extraordinary world where the criminal's position, history and even sexual preference are displayed indelibly on his body, and that marked body serves as a passport into the underworld.

incredibly cool

我要在拳头上纹一堆痦子去给黑帮老大看 (只是开玩笑)

这一套好看极了 作为secret communication的俄罗斯罪犯纹身 大量史料照片加插图
还有符号分析 有钱一定要收藏
