Teenager Tom Lovett suffers from a rare form of narcolepsy that can knock him out for days at a time. At least, this is what his parents and doctors have always told him. But Tom's about to make a shocking discovery: He's actually a sleeper assassin. His narcoleptic "fits" are cover for his horrific missions. In fact, his entire life has been a lie. The truth is, Tom shares a body with Tyler Garrett, a separate personality who has committed coldblooded murder without a second thought. Now, Tom is on a mission to take down the evil agency that created him. But can he also fight the evil within himself? In the tradition of *The Bourne Identity* and *The Bourne Supremacy*, *Sleeper Code* and *Sleeper Agenda* are a two-part white-knuckle thrill ride that will keep readers riveted to the very last page.
