Teaching Large Multilevel Classes provides practical advice for teachers who work with large mixed-ability classes. Easy to follow and rich in techniques, it will energise a classroom. It develops student motivation, interest, participation and student responsibility through a range of activities. This book is for English language teachers in a variety of teaching environments. These include primary, secondary or tertiary classes where English is not the first language. Teachers in adult learning centres and language institutes will also benefit from the useful strategies offered by Teaching Large Multilevel Classes.
