The second in Accord Publishing's irresistible Eyeball Animation series of books takes us deep below the sea for a fish-eyed view of the ocean unlike any seen before. A wild

pair of eyeballs built into this high quality hardcover picture book bounce up and down and all around like a dinghy in rough waters. A glossary of the diverse sea life showcased throughout the story makes it a great teaching tool, as well! William Boniface relays the tale of Max the Minnow in charming and witty verse that is as much of a treat for adults to read as for children to hear. Through his bold and colorful style, Don Sullivan's wildly humorous illustrations bring the underwater world of Max and his friends to vivid life.
