《生活汉语初步短期课课程》主要内容：This book is written with one purpose in

mind to get you communicating in Chinese as quickly as possible! We've tried to present each lesson in a user-friendly format so that learning Chinese should be fun! The first 10 lessons cover the pronunciation of Chinese, as well as starting you off on some simple sentences patterns. Then Lessons 11–33 cover topics which you will meet frequently while living in China.

What makes this book different from many other Chinese text-books published in China?

The content of each lesson is intensely practical. We have assumed that you are living in China and want to communicate on everyday topics as quickly as possible. So only useful vocabulary, immediately relevant to your everyday needs, is included.

We have worked hard at trying to make the grammar explanations as simple and clear as possible avoiding complicated linguistic terminology.

Each lesson contains an activity related to the topic in order to get you using the content as quickly as possible.
