Using over 80 step-by-step photographs and a variety of inspirational paintings, he

clearly illustrates all the techniques - from laying an initial wash to adding the final details. There is clear information on what materials you need and on composition, using colour and on types of water. There are then clear step by step demonstrations on painting deep water, lively water and shallow water, and there are plenty of beautiful inspirational paintings besides. All watercolour landscape artists need to know how to paint water, and Joe Dowden is an expert teacher, showing how to create the effect of water of all kinds using simple techniques.

把其他地方遮起来 只留下必要的部分 然后撒留白液 最后画完剥掉之后 上全图最亮的颜色 留白液揭掉以后 上色把留白区域分开 使高光变细碎
