Social Security is changing. Medicare is changing. Medicaid is changing. Retirement planning is changing. It is imperative in order to survive financially to understand these confusing changes and make them work to your advantage. These issues particularly affect baby boomers caring for aging parents or planning their own retirement and financial future. This book shows you what to expect, what these changes mean and how to make these changes work to your advantage. Consumer finance expert and nationally syndicated radio host Steve Weisman begins with a complete guide to your retirement investment choices, from IRAs and 401Ks to the latest insurance products... even new techniques, such as reverse mortgages. Drawing on his exceptional expertise as a financial planner and attorney specializing in elder care issues, Weisman presents insights you can't find elsewhere: simply, painlessly, and with welcome humor.
