Internationally acclaimed business coach and consultant Kim George provides an easy-to-master process for coaches to bring out innate greatness and achieve peak performance. George introduces a new kind of intelligence quotient, Abundance Intelligence. AQ is the key to living into greatness, moving from a mentality of scarcity to one of abundance. Using her proven four-step process, you will learn to move your clients past their illusions to embrace the abundance aptitudes of self-worth, empathy, self-expression, surrender, actualization, significance, and inquiry. Personal examples, client case studies, and profiles of highly successful individuals demonstrate how the process works and how it helps individuals live into greatness.
