出版时间:1999-06-15

装帧:Paperback

isbn:9780385496186

Historic fiction, this novel follows a B-17 crew through WWII. It depicts their humor, despair, fear and courage while flying mission after mission, their friendships brutally "scrubbed" by mounting casualties. You'll taste the terror of flying each mission through heavy black barrages of flak and flame, bearing wounded or dead buddies. Praised for its "gutsy realism," its "stoic humor and crusty humanity," this book transports the reader into the very belly of the Flying Fortress, as its bombs rain on Nazi Germany and its young crew learns the real meaning of war.
