著者:Eric J. Evans

出版者:Routledge

出版时间:1999-03-11

装帧:Paperback

isbn:9780415132855

In William Pitt the Younger, Eric J. Evans re-examines Pitt's career in light of recent research and makes the controversial statement that Pitt's life does not fit into two neat stereotypes. This complete historical background to Pitt's political career outlines his economic, domestic and foreign policy as well as detailing the changes in party politics and monarchy during the period.</P>
