"I, Danny Wallace, being of sound mind and body, do hereby write this manifesto for my life. I swear I will be more open to opportunity. I swear I will live my life taking every available chance. I will say Yes to every favour, request, suggestion and invitation. I Will Swear To Say Yes Where Once I Would Say No.' Danny Wallace had been staying in. Far too much. Having been dumped by his girlfriend, he really wasn't doing the young, free and single thing very well. Instead he was avoiding people. Texting them Instead of calling them. Calling them Instead of meeting them. That is until that one fateful date when a mystery man on a late-night bus told him to 'Say Yes more'. These three simple words changed Danny's life forever. Yes Man is the story of what happened when

Danny decided to say Yes to everything, in order to make his life more interesting. And boy, did it get more interesting."(Synopsis from Amazon.co.uk)

这本小说就从一...
