

# Learning to Question

CONTINUUM - NEW YORK

[Learning to Question\\_ 下载链接1](#)

著者:Paulo Freire

出版者:Continuum International Publishing Group, Limited

出版时间:1989

装帧:Paperback

isbn:9780826405098

Discusses the role of education in liberating people of the Third World.

作者介绍:

Paulo Freire is one of the most widely read educational philosophers and practitioners in the world today, except in the United States, where he remains relatively unknown to many in the educational community as well as the general public.
