Private and foreign economic sectors (termed non-state sectors in China) have been the main engine of China's phenomenal economic growth. Built on rich data analyses, this book offers a fresh and in-depth explanation of how China's pro-reform leaders successfully launched controversial policies to promote these dynamic sectors, managed leadership conflict, and ensured reform in the provinces and rapid growth in the nation.

作者介绍:

Hongyi H. Lai is a research fellow at the East Asian Institute, National University of Singapore.

目录: Economic Transition and the Case of China * Policies Toward the Non-State Sectors, 1978 to the Present * Elite Conflict, Reformist Strategy, and Policy Cycles * Installing Technocratic Young Leaders * Opening the Door: Selective and Showcase Liberalization * Extending the Open Policy: The Nationwide Approach * Provincial Reform Initiatives: Causes for Variation * Divergent Reform Paths in Two Provinces * How China's Leaders Made Reforms Happen
