著者:Geoffrey Chaucer

出版者:W. W. Norton & Company

出版时间:2006-12-13

装帧:Paperback

isbn:9780393925883

Suitable for both beginning and advanced students, Geoffrey Chaucer's four dream visions and selected shorter poems are extensively glossed and accompanied by individual introductions and explanatory annotations. The contexts section roots the poems in their classical and medieval foundations. The editor has judiciously chosen six critical essays that address the poems' central themes. A chronology and selected bibliography are included.
