The SI Swimsuit Issue is the #1 selling Sports Illustrated Issue each year with over 60 million readers and over 1,000,000 copies sold on the newsstand. Eight supermodels, 10 days, one world-class fashion photographer it was a Sports Illustrated swimsuit photo shoot almost too perfect to imagine. But it happened last summer, at Harbour Island in the Bahamas a reunion of SI Swimsuit Issue covergirls Rachel Hunter, Rebeca Romijn, Daniela Pestova, Ell MacPherson, Yamila Diaz-Rahi, Elsa Benitez, Veronica Varekova and Carolyn Murphy. Presented here for the first time, in a lavish coffee-table

volume, are hundreds of images from that spectacular trip to the beach a set of photos so revealing that you will never see them anywhere else.
