著者:David Shipley

出版者:Knopf

出版时间:April 10, 2007

装帧:Hardcover

isbn:9780307263643

An April 2007 Significant 7 Editors' Pick: Funny, engaging, and oh-so-practical, Send is the ultimate etiquette handbook for email, making David Shipley and Will Schwalbe the "Miss Manners" resource for the digital age. Full of practical insights, Send is an invaluable resource for anyone who uses email, and is guaranteed to help you "think before you click." We are not the only fans of this important book. We asked psychologist, science journalist, and bestselling author Daniel Goleman to read Send and give us his take. Check out his exclusive guest review below. --Daphne Durham

a wonderful book abt how to send email proopertyly

Had a look at how old people look at the emergence of E-mail as something new in their lives. Had a look at effective emailing at office.
