著者:Woods, Paul A. 编

出版者:Plexus Publishing

出版时间:2002-12-31

装帧:Paperback

isbn:9780859653091

Spanning several decades, this book charts both Meyer's artistic progress and the loosening of American morals that his work paralleled. Richly illustrated with American

and foreign promo materials featuring Russ Meyer's trademark cantilevered females, this is the most comprehensive look at the master's career, including his films Beneath the Valley of the Ultra-Vixens, Supervixens, and Faster, Pussycat! Kill! Kill!
