Titles in the popular "A First Look At" series for pre-school and early-grades kids explore emotional issues, encouraging children to discuss things that bother them with trusted adults. The series also helps them begin to develop basic social skills. Written by a psychotherapist and child counselor, these books promote positive interaction among children, parents, and teachers. They are written in easy-to-comprehend language, and have child-friendly illustrations on every page. Boys and girls learn that good manners are a simple way of showing kindness and respect to people they know and to people they don't know. They are shown that being polite makes working and playing together more enjoyable for everyone.
