Spats are normal among younger kids, and often lead to screaming, hitting and other expressions of anger. This book helps kids understand that it's often all right to be angry, but that it's always best to resolve conflicts peaceably. A First Look At... is an easy-to-understand series of books for younger children. Each title explores emotional issues and discusses the questions such difficulties invariably raise among kids of preschool through early school age. Written by a psychotherapist and child counselor, each title promotes positive interaction among children, parents, and teachers. The books are written in simple, direct language that makes sense to younger kids. Each title also features a guide for parents on how to use the book, a glossary, suggested additional reading, and a list of resources. There are attractive full-color illustrations on every page. (Ages 4-7)
