Barron's A First Look At books explore the dynamics in relationships among children of preschool through early school age, and encourage kids to understand personal and social problems as a first step toward solving them. Written by an experienced psychotherapist and counselor, these books promote positive interaction among children, parents, and teachers. The language in each book is simple and direct—easy for younger children to understand. Full-color illustrations on every page. This approachable picture book explores the difficult issue of bullying among children. It helps kids accept the normal fears and worries that accompany bullying, and suggests ways to resolve this upsetting experience.
