[Handbook of ICU Therapy 重症护理治疗手册\\_下载链接1](#)

著者:McConachie, Ian 编

出版者:Cambridge Univ Pr

出版时间:2006-2

装帧:Pap

isbn:9780521682473

This new, expanded and updated edition of Handbook of ICU Therapy builds on the success of the first edition and continues to provide concise information on a broad spectrum of issues relating to care of the critically ill patient. There are also several new, topical chapters. As with the first edition, it is equally applicable to anaesthetists, intensivists, operating department practitioners and anaesthetic/theatre/recovery nurses, and the heart of the book focuses on providing practical information in a readable and easily accessible format. All of the authors are directly involved in ICU practice and/or research and are familiar with the most recent developments in this fast-moving area of medicine.
