Market Trading Tactics Beating the Odds Through Technical Analysis and Money

Management Market Trading Tactics is a handbook of trading tactics, touching on the major charting techniques and indicators. It shows how to formulate realistic money management techniques and helps the private trader use all these indicators to search for the best trading opportunities. It shows how to plan entry set-ups and how to devise disciplined stop-loss techniques. The book outlines a flexible day-to-day plan of action that enables traders of all levels to trade with greater direction and confidence. Author Daryl Guppy also discusses how to go about the daily search for new trading opportunities and offers ready-to-use formulae to ease the process. He explains how best to exploit trading opportunities and discusses managing the position to maximize profitability. Guppy takes position-trading beyond the basics as he describes in easy-to-understand detail how it is possible for any trader with an understanding of the market to maximize the prospects of success by using the right trading tactics. "Extremely entertaining and well-written book which explains the ins and outs of technical analysis in a way which is not only understandable but readily applicable. This book is certain to become a standard in the libraries of traders and others interested in the development of trading mastery." - Ari Kiev, M.D., author of *Trading to Win: The Psychology of Mastering the Markets* "Daryl Guppy has detailed a series of down-to-earth and practical methodologies that provide an invaluable, solid foundation to assessing and managing risk in today's markets. This must be considered as required reading for both new and seasoned investors intending to commit their funds to trading in the equity market." - Ian Copsey, Executive Director of Mandarin Capital Technologies Pte. Ltd. and author of *Integrated Technical Analysis* "Guppy proves he's no small fish in understanding the art and science of trading. You will learn from this book." - Larry Williams, author of *Long-Term Secrets to Short-Term Trading*
