The definitive, authorised story of Suede. From the early beginnings and instant tag of the 'new saviours of rock n' roll', to lead singer Brett Anderson's relationship with Justine Frischmann who - to the delight of the national press - transferred her affections to rival band Blur's Damon Albarn; the arrival of guitar supremo Bernard Butler and the ensuing chart-topping singles, albums and sell-out tours; Bernard's subsequent departure at the height of their fame and narcotic excesses; right up to the present day, getting back together in 2010 for a series of concerts then a new album, "Love & Poison" covers Suede's entire career.

作者介绍:

After being advised by his English teachers that he would "get nowhere with that attitude", David Barnett quit school at 17, determined to write about pop music. He landed a job with Jackie, but was immediately transferred to action comic Commando. He caught Suede by chance on The Chart Show and dedicated his efforts to creating the ultimate Suede fanzine, Suave & Elegant. The band liked it so much they asked him to work for them and he has spent ten years following their every move, being privy to the kind of secrets that will astonish even the most devoted Suedehead.

end at #Crackhead/本意是看前两专的内容。现在没法喜欢《Coming Up》开始之后的专辑了，暂时不读后面了。也更喜欢早期fragile&exquisite的氛围和其

中蕴含的人文关怀。vocal和guitar  
line的缠绵……BABB的化学反应真是美妙啊……（惊呼天造地设）/另外，感觉BB是个  
比较敏感赤诚的人……和其他成员不一致的看法迟早也会触发矛盾……
