For the first time, an 'in universe' history of Star Trek, complete with excerpts from Starfleet records and intergalactic intelligence, including James T. Kirk's official biography and newly translated Klingon reports. From Humankind's First Contact with Vulcan in 2063 to the Romulan War in 2156, and beyond, this unprecedented illustrated volume is a must for all fans.

评论

看的第一本ST小说。与其说是小说，不如说是历史书，从第三次世界大战，优生战争一路讲到Kirk去世。边看书边回忆剧集的情节不失是件有意思的事。
