This integrated book-and-Web learning solution teaches all the Oracle Forms skills you need, through hands-on, real-world labs, exercises, projects, and our great Web-based training site! Learn how to make the most of Form Builder and its components, build

Forms and Forms Objects, create high-productivity layouts, and more. Next, master more sophisticated techniques, including Forms Triggers, multiform applications, alerts, and menus; and deploy applications in both client/server and web environments. Finally, master the fundamentals of Oracle Reports and discover how to do call reports directly from Oracle Forms. A free Web-based training module includes a Virtual Study Lounge to allow interaction with the author; "Test Your Thinking" project solutions and detailed explanations, interactive Q&As and self-review exercises, new projects, book updates, and more! For every Oracle developer and DBA who wants to master Oracle Forms. </P>
