著者:Feher, Geza

出版者:Ullmann Publishing

出版时间:2006-10

装帧:精装

isbn:9783833120459

The proportions and movements of the human body are determined by the skeleton, joints and muscles. The anatomical make-up of the sensory organs gives the body its individual character. The study of human anatomy is essential if the artist is to achieve an effective portrayal of the subject. This book makes detailed observation possible, heightens our perceptions and fosters our understanding of the human form. With over 1200 detailed illustrations by the Hungarian Art Professor Andras Szunyoghy, "Human Anatomy for Artists" provides an insight into the body's structure and its movements. The illustrations are accompanied by specialist commentaries by Professor Gyorgy Feher.

评论

英文的看不懂

所有目前读过艺术解剖版本里面不错的一本了吧

非常好的书...虽然有些人表示吓人...但图示够专业管用

书评

最喜欢这本书的解剖学部分。不但可以学到肌肉与骨架的英文名词，且其还提及了肌肉的origin and insertion。是一本简单易懂的好书。

特别的贵 穷人 买不起
凑字数~~~~~
