著者:Lewis Carroll

出版者:Broadview Press

出版时间:2000-09-13

装帧:Paperback

isbn:9781551112237

First published as Alice's Adventures Under Ground (1865), this story began as a tale told to Alice Lidell and her two sisters on a boating trip in July of 1862. The novel follows Alice down a rabbit-hole and into a surreal world of strange and wonderful characters who constantly turn everything upside-down with their mind-boggling logic and word play, and their fantastic parodies. Carroll's fable illustrates his masterful ability to weave logic with nonsense in a tale that continues to delight all ages.

While this great classic is widely available, the Broadview edition is unique. Richard Kelly combines Alice's Adventures in Wonderland not with the later (and largely distinct work) Through the Looking Glass but rather with Alice's Adventures Under Ground, Lewis Carroll's first version of the story. Readers are thus able to trace the literary revisions, and to compare Carroll's own illustrations in the original with the famous John Tenniel illustrations for Alice's Adventures in Wonderland.
