出版时间:2005-9-20

装帧:Paperback

isbn:9780375764882

Book Description

The GRE subject tests are among the most difficult standardized exams. Rather than

testing general problem-solving skills, they require highly specialized knowledge.

The experts at The Princeton Review have thoroughly research each subject test to provide students with the most thorough, up-to-date information available. Students don't need to relearn the entire histories of their fields--just what they need to know to earn high scores on the exams.

Each guide includes one full-length practice exam, complete with comprehensive explanations for every solution.
