Re-released on the heels of Al Gores #1 New York Times bestseller, *An Inconvenient Truth*, comes the paperback edition of his classic bestseller, *Earth in the Balance*. First published in 1992, it helped place the environment on the national agenda; now, as environmental issues move front-and-center in the public consciousness, the time is right to reflect deeply on the fate of our planet and commit ourselves to its future. While *An Inconvenient Truth* closely examines one menace to our environment—global warming—*Earth in the Balance* takes a broader approach, focusing on the threats that everyday choices pose to our climate, water, soil, and diversity of plant and animal life. A passionate, lifelong defender of the environment, Gore describes in brave and unforgettable terms how human actions and decisions can endanger or safeguard the vulnerable ecosystem that sustains us.

# 书评

在阅读本书的过程中，时不时地，我会对作者的身份会产生迷惑：他是一个怎样的人呢？首先，他是一个政治家：从众议员到参议员到副总统，这一点毫无疑问，但是戈尔颠覆了我这个不少关于政治家的认识。比如，书里提到，他在做众议员之前做过七年的记者；而且，从他对社会问...
