Marcel Duchamp left behind a large volume of correspondence, more than a thousand documents forming a valuable archive of primary source materials on one the 20th Century's most important cultural figures. In his letters, Duchamp writes about his latest plans, works in progress, concepts such as the "ready-made," his passion for chess, the mundane details of life, as well as extraordinary ideas. The letters are reproduced in their entirety along with chronological and biographical data illuminating the circumstances behind the letters. An essential volume for art historians and students of 20th Century culture.
