To mark the centenary of Wilde's death, The Stratford Festival of Canada staged this unique production of the original, complete four-act version of his famous play. This does not replace the well-known three-act version, but does give the audience an opportunity to enjoy the play that Wilde originally wrote, with its extra characters, more pointed social commentary, additional scenes and new dialogue. This play remains perhaps Wilde's wittiest and most loved romantic comedy.

“Suffer me to kiss thy mouth!”

Hilarious!Hilarious!Hilarious!

非常有趣而又讽刺的故事。反映了贵族的没落，也是整个社会从君主世袭制到共和与民主的转变
