在线阅读本书

A guide to sushi etiquette and customs, with a unique fish identification guide detailing over 20 kinds of fish and how to prepare them. The text tells the whole story of sushi,

from origins and basics to making and eating. It demonstrates that sushi can be made at home with minimum fuss.

it's a ok book for asian, but good book for beginner from western. I ll say if you know nothing about sushi, then it is the right one to read.
