When vampire hunter Eden Faveau mistakes Laurent, a renegade vampire of Tribe Manticore, for her new partner, he's not about to correct her. He's stolen a laptop full of sensitive files from the Tribe leader, Justinian, and needs help cracking the encryption. At first he wants sexy and intelligent Eden only for her computer wizardry -- but soon he wants her for much, much more. Working by night and growing closer every day, Laurent and Eden struggle with the passion that threatens to overwhelm them. But when Justinian captures Eden, and Laurent proves his loyalty to his Tribe in the most shocking of ways, Eden vows to kill Laurent for his deception. Can he find a way to prove his love for her before a full-on war breaks out between vampires and humans?
