Deepak Chopra, one of the world's foremost leaders in the field of mind-body medicine, turns his talents and vision to fiction with an absorbing, mystical tale of a love that conquers death itself...

Gifted young doctor Raj Rabban is about to have his whole world turned upside down-when a chance encounter on a subway introduces him to the kind of happiness he never thought possible. But life with his true soulmate is cut short by tragedy, and Raj must undertake a courageous journey beyond the scope of his five senses to come to terms with it.
