装帧:Paperback

isbn:9781401862961

Seasoned character creators Kevin Hedgpeth and Stephen Missal, drawing on the concepts examined in their previous book, *Exploring Drawing for Animation*, present a

definitive guide to designing and developing characters for visual media. Exploring Character Design covers the entire character-creation process, from concept to final product-including research, conceptualization, synthesis, and refinement. Laying out a step-by-step analysis of character construction in accordance with standard industry methodology, Hedgpeth and Missal lead the reader on a fascinating journey into character design theory and practice to show how strong characters are actually built.
