装帧:Paperback

isbn:9780521538558

Fascists presents a theory of fascism based on intensive analysis of the men and women who became fascists. It covers the six European countries in which fascism became most dominant - Italy, Germany, Austria, Hungary, Romania and Spain. It is a comprehensive analysis of who fascists actually were, what beliefs they held and what actions they committed. The book suggests that fascism was essentially a product of post World War I conditions in Europe and is unlikely to re-appear in its classic garb in the future. Nonetheless, elements of its ideology remain relevant to modern conditions and are now re-appearing, though mainly in different parts of the world.

评论

历史社会学：法西斯主义。如果只能给法西斯主义贴一个tag的话，那就只能是现代性；随着市场化和社会保护运动的周期，法西斯主义或与之相近的形式在可见的未来势必会回潮。
