This book is part of a series of textbooks created for the new Cambridge International Examinations (CIE) mathematics syllabus. The authors have worked with CIE to assure that the content matches the syllabus and is pitched at a suitable level. Statistics 1

corresponds to syllabus unit S1. The syllabus content is arranged in chapters to provide a viable teaching course. Each chapter starts with a list of learning objectives. Mathematical concepts, terminology and notation are explained clearly and carefully. Key results and procedures appear in boxes for easy reference. Stimulating worked examples take a step-by-step approach to problem solving. There are plenty of exercises throughout, as well as revision exercises and practice exam papers – all written by experienced examiners.

Richard 花了一个学期讲了一年的课!

没大厚书好=, =

对于教材也来加, 我很很无聊中~

hahahahahahahhahhahahhaa!!!!!!

听课困难的时候此书王道

我恨死了的统计...

++!

此乃玄学, 不解释-_-||
