First in the new Weather Warden series...

Joanne Baldwin is a Weather Warden. Usually, all it takes is a wave of her hand to tame the most violent weather. But now, she's trying to outrun another kind of storm: accusations of corruption and murder. So, she's resorting to the very human tactic of running for her life...

Her only hope is Lewis, the most powerful warden known. Unfortunately, he's stolen not one but three bottles of Djinn-making him the most wanted man on earth. Still, she's racing hard to find him-before the bad weather closes in fast...
