Mergers and acquisitions (M&A) experts Tim Galpin and Mark Herndon present an updated and expanded guide to planning and managing the M&A process. This comprehensive book is unique in providing the tools to address both the human and

operational sides of integration. Based on the authors' consulting experience with numerous Fortune 500 companies, this resource will help organizations capture deal synergies more quickly and effectively. Augmenting their step-by-step advice with helpful templates, checklists, graphs and tools, Galpin and Herndon provide sound guidance for successfully integrating different processes, organizations, and cultures. The authors also address pre-deal do's and don'ts, people dynamics, common mistakes, communications strategies, and specific actions you can take to create measurable positive results throughout the integration process. The revised edition not only updates case studies and presents recent integration research, but it also adds new tools.

大概看了100来页，觉得太泛泛了。感觉不是很有帮助，或许确实是完全的入门级书籍？
