

Applied Cryptanalysis

[Applied Cryptanalysis_下载链接1_](#)

著者:Stamp, Mark/ Low, Richard M.

出版者:John Wiley & Sons Inc

出版时间:2007-4

装帧:HRD

isbn:9780470114865

The book is designed to be accessible to motivated IT professionals who want to learn more about the specific attacks covered. In particular, every effort has been made to keep the chapters independent, so if someone is interested in has function cryptanalysis or RSA timing attacks, they do not necessarily need to study all of the previous material in the text. This would be particularly valuable to working professionals who might want to use the book as a way to quickly gain some depth on one specific topic.
