

Introduction to Electric Circuits

[Introduction to Electric Circuits_ 下载链接1](#)

著者:Richard C. Dorf

出版者:Wiley

出版时间:2006-01-09

装帧:Hardcover

isbn:9780471730422

Dorf and Svoboda's text builds on the strength of previous editions with its emphasis on real-world problems that give students insight into the kinds of problems that electrical and computer engineers are currently addressing. Students encounter a wide variety of applications within the problems and benefit from the author team's enormous breadth of knowledge of leading edge technologies and theoretical developments across Electrical and Computer Engineering's subdisciplines.
